

An outdoor living space should be an oasis--an escape from the grind of the real world made simple by walking into your backyard. Indiana Limestone Company is proud to introduce Urban Hardscapes Products, a versatile and beautiful landscaping line designed with this future in mind. Indiana Limestone is extremely durable and will add a touch of reverent beauty to any landscaping dream you have. Cool to the touch, it can be used for a vast array of outdoor projects.

Garden Wall

Urban Hardscapes Garden Walls by Indiana Limestone Company add levels to a landscaping design and give the project a bit more depth! Extremely versatile for design, Indiana Limestone can be easily sawn to length on site by masonry contractors.
